

Refer-a-Friend

Enjoy 10% or more Discount on Tuition Fees! *

As a sign of our appreciation, we would like to thank you and reward our students who inspire a new student to join our school. Through our Refer-a-Friend (RAF), you can receive a 10% or more Discount on Tuition Fees for referring new students. Furthermore, you can enjoy a waiver of one whole academic year Tuition Fee for your child when you refer a total of 10 new students to us!

*Terms and Conditions:

- Open to all current parents or legal guardians of Straits International School.
- An incentive will be given to the referrals for referring new students to the school. Referrals will be entitled to a 10% from the tuition fee in the next academic year, and it is stackable if more students are being referred. The discount is applicable for one academic year only.
- The school will accumulate the number of new students referred by existing parents in one academic year. The referral shall receive the waiver of 1-year Tuition Fee when the accumulation reaches 10 new students.
- The parents can choose which of their children's tuition fee will enjoy the discount if multiple siblings attend the school(s).
- The tuition fee waiver is capped at a maximum of 100% (per child).
- The total accumulated discount earned by the parents will be applicable to the annual tuition fee of their chosen child should they have siblings in school in the next school year.
- Any new joiners who are entitled to prorated school fees would only then earn the referral parents a 5% discount.
- Earned discounts by the parents are not transferable nor convertible to cash should the existing parent's child leave the school for whatever reason.
- New students cannot have a sibling currently or previously enrolled in Straits International School.
- New students must be accepted, enrolled and pay full fees to Straits International School. The regular enrolment criteria must be met and the final decision for student acceptance is made by the school.
- To qualify, new students have to mention this program and the referring student's name during the first contact with the Admissions Officer. Referrals must be acknowledged by the new students in the Application Form.
- Referrals need to fill in the 'New Student Referral Form for Parent' and submit it to the Admissions Office as soon as the new students have been accepted and enrolled.
- 'New Student Referral Form for Parent' must be submitted as soon as possible to Admissions and must be within 14 days after the new student has enrolled. Any late submission is considered a forfeit.
- Discounts are at the discretion of the school.
- The school retains the right to re-evaluate, revise or cancel this program at any time.
